Choose your new membership level	Your contribution rate	Your benefit build up rate for future Pensionable Service
<input type="checkbox"/> Level A	The lesser of: • 8% of Pensionable Earnings plus 3.4% of Band Earnings; or • 10.5% of Pensionable Earnings	1/60th of your Final Pensionable Earnings

<input type="checkbox"/> Level C	4.8% of Pensionable Earnings	1/130th of your Final Pensionable Earnings

I understand that:

- If I choose Level A, my pension will build up at a faster rate than if I select Level B or Level C.
- Dependants' pensions will continue to be based on a percentage of my pension, as at present, so if my future pension builds up at a lower rate the amount payable to dependants will also be lower.
- My Scheme contributions from the date of change will be as shown in the table above.
- The rate at which I build up my pension and make contributions will change for the future only. My pension prior to the date of change will be unaffected by my new choice.
- The change will take effect from the next available pay period.

Please implement my instruction, as indicated in the relevant section(s), on the next available pay period after:
